

# Stephan Segraves

Developer / Implementation Consultant

2125 Yale #333  
Houston, TX 77008  
832-541-2074  
[ssegraves@gmail.com](mailto:ssegraves@gmail.com)

## Objective

A challenging and rewarding position that requires problem solving using innovation, allows for exploring new technology, and necessitates interaction with clients.

## Technology Experience

- Software Programming: VB.NET, C#, JAVA
- Web Programming: PHP, Python, ASP.NET, HTML, CSS, Javascript
- Databases: MySQL, PostgreSQL, Oracle, SQL Server

## Work Experience

### Developer, Galena Park ISD; Houston, TX (2009-Present)

Created a data retrieval methodology and data warehouse for the Statewide Tools for Teaching Excellence program funded by the Michael and Susan Dell Foundation. Wrote specifications, created queries, and developed software to pull large amounts of student data and compile it into useful reports.  
*Technologies used - MySQL, Oracle Data Integration, PHP, Oracle 10i*

### Technical Consultant, Meridium; Houston, TX (2007-2009)

Handled APM software deployment at client sites by gathering requirements, developing technical specifications, and implementing changes to meet client's needs. Trained clients on new functionality developed for them, helped troubleshoot any issues encountered and wrote documentation.  
*Technologies used - VB.NET, SQL Server, Oracle, SAP ABAP*

### Consultant, Software Architects; Dallas, TX (2006-2007)

Worked onsite at multiple clients completing QA testing, stored procedure debugging, requirement specifications for new applications and application development using C#. Clients included Pier 1 Imports, Horizon Lines, and HealthMarkets.  
*Technologies used - VB, VB.NET, C#, SQL Server*

### Developer, Segars Communications; Lubbock, TX (2003-2005)

Using PHP and MySQL, I developed numerous websites including [texaselkcompany.com](http://texaselkcompany.com), [jfdp.org](http://jfdp.org), and [firstagcredit.com](http://firstagcredit.com). This required gathering specifications, designing data structures, and testing as well as management and client interaction.  
*Technologies used - PHP, MySQL, Apache, Javascript*

## Education

Texas Tech University, Lubbock, TX  
Bachelor of Business Administration, Management Information Systems, 2006  
Intern at Royal Dutch Shell 2006 - GIS/Deepwater Exploration
